STUDIES IN ROMANS

Read: Romans 5:1-11

Write down as many blessings as you can find in these verses that result from our justification. Which is most significant to you right now and why?

Paul says we have peace with God. Are there any areas in your life where you don't feel at peace with God, where you feel unsettled and anxious? How does peace with God translate into a sense of peace with the rest of your world?

If suffering produces perseverance and character and hope, can you think of a time in your own life when that has proved true?

What do you think Paul meant in verse 6 when he said Christ died "at just the right time?"

Talk to God about what prevents your own participation in the things Paul says are ours to rejoice in. Thank him for this long list of blessings.

Memorize Romans 5:8
But God demonstrates his own love for us in this:
While we were still sinners Christ died for us.
