Read Acts 2:2-47

List all the activities Luke tells us the church was engaged in. Can you think of other central work of the church that is not in some way represented here?

What aspect of what was happening in this section would you most like to see in the church today? Why?

The sermon describes the activities of the church as ways in which we can see the risen Jesus. How is this different than viewing this section as the ideal for us to live up to? Does it change anything?

How have you encountered Christ through each of the following:

- Sticking to the script (the apostles' teaching)
- Practicing togetherness (fellowship)
- Giving ourselves away (generosity)
- Enjoying God's joy (worship/gratitude)
- Reaching outward (sharing the gospel)
